

WARRANTY

The loader/implement designed, manufactured, or marketed and supplied by Pearson Engineering Ltd is warranted against faulty workmanship and defective materials for a period of 12 months for implements and 24 months for loaders from date of purchase.

Such warranty is subject to the following conditions:

1. This warranty covers the repair or replacement of parts or machinery sold by Pearson Engineering Ltd and damaged as a result of faulty workmanship or materials in such part of machinery. It does not extend to another loss or damage including consequential loss or damage or loss to other property or persons.
2. No responsibility will be accepted for repairs made other than by Pearson Engineering Ltd or its accredited agent and without prior authorisation by Pearson Engineering Ltd.
3. Return to base warranty. This means you are responsible for paying shipping costs of any items that need to be sent to and from our factory for repair/testing/replacement.
4. Without limiting and the generality of paragraph 1 above this warranty does not cover the following:
 - a) Losses sustained through delay in delivery.
 - b) Travel expenses.
 - c) Damage caused by accident, misuse, abuse or when operated outside of conditions for which it was designed or as deemed appropriate by Pearson Engineering Ltd.
 - d) Damage to any other goods which have been altered or modified by someone other than Pearson Engineering Ltd or its authorised dealer.
 - e) Damage or loss to the goods due to their unsuitability for any particular use for using with any particular tractor except where such use or tractor has been specifically approved by Pearson Engineering Ltd.
 - f) Damage or loss where the fitting and installation of the goods were not carried out by Pearson Engineering Ltd or its authorised dealer.
 - g) While every effort is made to keep up with any changes in tractor design and specification Pearson Engineering Ltd will not be liable for alterations to their goods as a result of such changes.

- h) Components such as hydraulic control valves, hydraulic rams and divertors – these are supplied subject to the warranty given by their manufacturers.
5. Procedure for recovery under warranty: No loss or damage will be covered under warranty unless the following procedure is followed by the purchaser.
- a) If the purchaser is an authorised dealer:
 - (i) Person Engineering Ltd must first be advised of details of the goods concerned, the loss or damage sustained and the circumstances in which the loss or damage arose.
 - (ii) Pearson Engineering Ltd will then decide if such loss or damage is within the terms of warranty and shall advise the dealer as to how the loss or damage is to be repaired.
 - (iii) Where Pearson Engineering Ltd accepts responsibility for the loss or damage a warranty order number will be issued and Pearson Engineering Ltd shall advise the sum allowed for the repair taking into consideration time required to make repair, materials and other relevant factors.
 - (iv) The dealer should then commence to carry out the necessary repair or replacement work as instructed.
 - (v) A claim form will be sent to the dealer and must be submitted in writing to Pearson Engineering Ltd within 14 days of the date of the Warranty Order No. being issued. Such claim must include Pearson Engineering Ltd Serial No, original Invoice No. and Official Company Order No.
 - (vi) Where the claim is approved the dealer's account will be credited for the sum authorised.
 - b) If the purchaser is not an authorised dealer: The loss or damage should be reported directly to Pearson Engineering Ltd who will advise whether it is covered by the warranty and direct the purchaser accordingly as to what action is to be taken.
